## Student Coverage

### Eligibility Definition

All New York Film Academy degree and long-term certificate program students are eligible to enroll in the New York Film Academy Student Health Insurance Plan (NYFASHIP).

### Enrollment

Eligible New York Film Academy students are automatically enrolled in the Student Health Insurance Plan at the time their program acceptance is confirmed and processed. Students will be billed for their first term of health insurance coverage at the time they receive notification of program acceptance and, for those students choosing to remain enrolled in NYFASHIP, prior to each term enrollment period. The start and end dates of each term enrollment period is noted above.

Students who do not wish to participate in the NYFA Student Health Insurance Plan can request to waive enrollment by participating in the online waiver application process and submitting proof of comparable health insurance coverage. Students may request to waive out of NYFASHIP at the time of their first semester registration and at the time of every subsequent Fall semester registration. Waiver applications must be submitted on or before the deadline dates published above. Waiver applications will not be accepted or processed outside of the time period when the waiver application portal is open.

Those students who submit proof of comparable insurance coverage through their timely participation in the waiver application process will be dis-enrolled from the NYFA Student Health Insurance Plan (NYFASHIP) and costs associated with coverage in NYFASHIP will be removed or refunded.

At 31 days from the program start date (New Students) or Fall Term start date (Continuing Students), students who did not participate in the waiver application process and students whose waiver applications were denied will be enrolled in NYFASHIP for the full 2023/2024 academic year or what remains of the 2023/2024 academic year (for new students beginning their programs in Spring and Summer) and responsible for payment of insurance premiums billed each term of coverage (fall, spring, and summer). Students will not be eligible for refunds. However, students withdrawing from their programs or graduating from the programs before the end of the 2023/2024 academic year will not be billed for health insurance coverage fees for semesters/terms subsequent to their withdrawal or graduation dates

### **Medicare Eligibility Notice**

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

### **In-network Provider Network**

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

### **Precertification**

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, up to a \$500 penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com).

### **Precertification Call**

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring precertification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

### Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

### Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to <https://www.aetnastudenthealth.com>.
